

**Are you sick and tired of damaged finished products?
Why continue to put up with this – we have your solution – WOW Pads!**

WOW Pads are the most cost effective type of protective packaging used to prevent scratches, chips, and dents that occur during transit and/or storage. Superior to corrugated and bubble wrap. Available in custom shapes and sizes.

Neo-Rebond or Polyfoam removable adhesive backed pads have many advantages, including:

- Easy and cost-effective
- Die cut on rolls
- Adhesive backing – no adhesive residue
- Available in many sizes including 1/8", 1/4", 3/8" and 1/2" thickness from 3/4" x 3/4" squares and larger
- Not affected by rain or snow
- Non-abrasive
- Fast turnaround times
- Recycled material & made in the USA

Damages effect so many different aspects of your business, including:

- Product quality
- Labor Time & Costs
- Finance (Accounts Receivable & Payable)
- Customer Service and more

It's time to say WOW, the old days of damages being a part of doing business are over! – With lead times at all time highs – it's time to Pad Your Products, Pad Your Profits & Say WOW!

Call today and eliminate unnecessary costs due to ongoing damages.
